Subject: Written Approval to use SATAjet 100 B F RP spray gun under Regulation 8, Rule 45:
Motor Vehicle and Mobile Equipment Coating Operations

Dear Dr. Schmon:

The Bay Area Air Quality Management District (District) has completed its review of your August 21, 2012 petition and supporting documents requesting approval to use the SATAjet 100 B F RP spray gun within the District's jurisdiction. The supporting documents considered in this review included an approval letter from the:

- South Coast Air Quality Management District (SCAQMD) dated August 14, 2012, which approved using the subject spray gun for operations subject to Rule 1151, Motor Vehicle and Mobile Equipment Non-Assembly Line Coating Operations.

Based on the written approval of the SCAQMD of the SATAjet 100 B F RP spray gun, you have demonstrated to the satisfaction of the District that this spray gun is capable (under specific operating conditions) of achieving equivalent or better transfer efficiency as high-volume, low-pressure spray equipment. This letter grants written approval under Regulation 8, Rule 45, Section 303.3 to use SATAjet 100 B F RP spray gun for coating operations subject to District Regulation 8-45. This approval is subject to the following conditions:

1. SATA Farbspritztechnik GmbH & Co. KG shall supply written notification with each SATAjet 100 B F RP spray gun sold or distributed for use within the District jurisdiction that the gun is only approved for the application of coatings subject to Regulation 8-45: Motor Vehicle and Mobile Equipment Coating Operations.
2. This approval is only valid if the air pressure supplied to the SATAjet 100 B F RP spray gun is less than or equal to 32 psig. Any exceedance of this operating pressure will constitute a violation of Regulation 8, Rule 45, Section 303.3. SATA Farbspritztechnik GmbH & Co. KG shall supply written notification with each the SATAjet 100 B F RP spray gun sold or distributed for use within the jurisdiction of the District that the maximum air pressure supplied to the spray gun shall not exceed 32 psig.
3. SATA Farbspritztechnik GmbH & Co. KG shall supply a SATA air micrometer with gauge 0/8455 (product number 27771), SATA adam digital air micrometer with gauge (product number 130146), SATA adam 2 digital air micrometer with gauge (product number 160853) with each SATAjet 100 B F RP spray gun sold or distributed for use within the jurisdiction of the District. SATA Farbspritztechnik GmbH & Co. KG shall supply written notification with each SATAjet 100 B F RP spray gun sold or distributed for use within the jurisdiction of the District that the pressure gauge shall be attached to the spray gun and be in good working condition whenever the spray gun is in operation. Any deviation from this requirement will constitute a violation of Regulation 8, Rule 45, Section 303.3.

Letter to Ewald Schmon

4. This approval is only valid if during actual operation the SATAjet 100 B F RP spray guns are equipped with a properly operating pressure gauge that meets the criteria specified in condition number 3.
 5. SATA Farbspritztechnik GmbH & Co. KG shall add a clearly visible permanent label on the spray gun specifying the inlet air pressure shall not exceed 32 psig to all SATAjet 100 B F RP spray guns sold or distributed for use within the District.
 6. SATA Farbspritztechnik GmbH & Co. KG shall add a clearly visible permanent label on the spray gun body identifying that the gun body is a SATAjet 100 B F RP spray gun on all SATAjet 100 B F RP spray guns sold or distributed for use within the District.
 7. This approval is only valid if during actual operations SATAjet 100 B F RP spray guns are labeled as described in condition numbers 5 and 6.
 8. This approval is only valid for the SATAjet 100 B F RP spray gun model tested and shall not release any user from compliance with any other District rule or regulation, nor absolve any prior or subsequent violations. Any modification of the spray gun or pressure gauge design shall invalidate this approval unless the modification is approved by the District.
-

If you have any questions regarding this approval, please contact Patrick Wenzinger, Air Quality Specialist II at (415) 749-4934 or pwenzinger@baaqmd.gov.

Sincerely,

Wayne Kino
Director of Compliance and Enforcement
