Re: SATAjet 5000 B RP/SATAjet 5000 B RP DIGITAL Spray Guns

Dear Mr. Stöver:

The Mojave Desert Air Quality Management District (District) has reviewed your communication dated November 9, 2015, requesting approval of the SATAjet 5000 B RP/SATAjet 5000 B RP Digital spray guns as equivalent to High Volume – Low Pressure (HVLP). The District hereby approves the SATAjet 5000 B RP/SATAjet 5000 B RP Digital spray guns as equivalent to HVLP under the same conditions as those specified by the South Coast Air Quality Management District in their October 16, 2015 letter (for automotive coatings only, operating pressure not greater than 30 psig and labeled accordingly, must be equipped and operated with a specified operating air micrometer).

If you have any questions regarding this letter, please contact me at (760) 245-1661, extension 6726.

Sincerely,

A handwritten signature in black ink, appearing to read "Alan J. De Salvio". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Alan J. De Salvio
Deputy Director – Mojave Operations
